FOR IMMEDIATE RELEASE

MetalX moves Corporate Headquarters to Fort Wayne

FORT WAYNE, Indiana (December 27, 2021) – MetalX announced today that it has moved its corporate headquarters to a new location in Fort Wayne, Indiana following the completion of BlueScope’s acquisition of the scrap company’s ferrous business on December 17, 2021. Company offices had previously been located at the Waterloo, Indiana facility, one of two locations sold to BlueScope as part of the transaction.

The company has secured a long-term lease in the Dupont Office Center on the north side of Fort Wayne. Almost 50 people have moved into the new offices, which will be the center for all corporate activities as well as the company’s commercial management and staff.

A spokesperson for the company said, “We had been working on a new Auburn (Indiana) location, but when that fell through, we concluded that Fort Wayne was actually a better option for our new headquarters, especially when considering our nonferrous growth strategy.”

Effective immediately, the new MetalX address is:

MetalX LLC
9910 Dupont Circle Drive East
Suite 200
Fort Wayne, IN 46825
Phone: (260) 232-3000

The company’s main phone number, all direct phone numbers, and all email addresses will remain unchanged.
